## Course Content

### Course Description:

This three-day MTA Training course helps you prepare for Microsoft Technology Associate Exam 98-364, and build an understanding of these topics: Core Database Concepts, Creating Database Objects, Manipulating Data, Data Storage, and Administering a Database. This course leverages the same content as found in the Microsoft Official Academic Course (MOAC) for this exam.

### Audience:

The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career in technology and assumes some hands-on experience or training but does not assume on-the-job experience.

### Topics:

**Module 1: Understanding Core Database Concepts**

**Module 2: Creating Database Objects**

**Module 3: Manipulating Data**

**Module 4: Understanding Data Storage**

**Module 5: Administering a Database**
