Course Description:

This three-day MTA Training course helps you prepare for Microsoft Technology Associate Exam 98-367, and build an understanding of these topics: Security Layers, Operating System Security, Network Security, Security Software. This course leverages the same content as found in the Microsoft Official Academic Course (MOAC) for this exam.

Audience:

The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career in technology and assumes some hands-on experience or training but does not assume on-the-job experience.

Topics:

Module 1: Understanding Security Layers

Module 2: Authentication, Authorization, and Accounting.

Module 3: Understanding Security Policies

Module 4: Understanding Network Security

Module 5: Protecting the Server and Client
