

CompTIA: Cloud+ Certification On-Demand

Course ID #: 7000-1042-ZZ-Z

Hours: 35

Course Content

Description:

CompTIA Cloud+ On-Demand Certification training will prepare students to take the current CompTIA Cloud+ Certification Exam (CV0-003). This course is based off of the Official CompTIA Cloud+ Certification training materials, and have been developed by CompTIA for the CompTIA certification candidate. Rigorously evaluated to validate coverage of the CompTIA Cloud+ (CV0-003) exam objectives, The Official CompTIA Cloud+ Certification On-Demand course teaches the knowledge and skills to understand cloud architecture and design, deploy cloud services and solutions, successfully maintain, secure, and optimize a cloud environment, troubleshoot common cloud management issues, and prepare candidates to take the CompTIA Cloud+ certification exam.

On-Demand Features:

- **Skill development:** Build skills and knowledge of a cloud administrator through a proven learning progression design that emphasizes context and practice.
- **Real-world tasks:** Complete activities like configuring cloud environments, managing workloads, and optimizing performance.
- **Interactive labs:** Gain hands-on experience in both simulated and real environments that replicate real-world IT scenarios.
- **Instructional lessons:** Learn with narrative content, videos, and guided labs to build foundational knowledge.
- **Skill tracking:** Monitor progress with assessments, quizzes, and actionable feedback to ensure continuous improvement.
- **Year-long access:** Study anytime with 12 months of training, redeemable within 12 months of purchase, through CompTIA Central.

CertMaster Perform Includes:

- **Instructional content:** Learn and develop skills efficiently and effectively. Courses are structured around the learning progression model, a research-based skill-development model that helps you grasp concepts and actively build skills aligned with the course objectives.
- **Integrated Videos and Interactives:** Receive instruction and illustrations precisely when they are most relevant, enhancing your learning experience.
- **Lab Activities:** Engage in hands-on practice using both simulated and live environments to tackle real-world scenarios, covering basic and advanced tasks.
- **Assessments and Practice Tests:** Check your knowledge with a variety of assessments and practice tests throughout the course.
