

# CompTIA: SecurityX On-Demand

Course ID #: 7000-1095-ZZ-Z

Hours: 35

## Course Content

### Description:

SecurityX is an advanced cybersecurity certification for security architects and senior security engineers. It proves you have the skills to design, build, and implement secure solutions across complex environments. You'll also show you can support a resilient enterprise while addressing governance, risk, and compliance needs.

### Objectives:

- Governance, risk, and compliance
- Security architecture
- Security engineering
- Security operations

### On-Demand Features:

- **Diagnostic readiness:** Start with an initial diagnostic to focus your learning on areas needing improvement.
- **Skill development:** Build skills and knowledge of a cybersecurity architect through a proven learning progression design that emphasizes context and practice.
- **Real-world tasks:** Complete activities like managing security, troubleshooting software, and supporting devices.
- **Interactive labs:** Gain hands-on experience in both simulated and real environments that replicate real-world IT scenarios.
- **Instructional lessons:** Learn with narrative content, videos, and guided labs to build foundational knowledge.
- **Skill tracking:** Monitor progress with assessments, quizzes, and actionable feedback to ensure continuous improvement.
- **Year-long access:** Study anytime with 12 months of training, redeemable within 12 months of purchase, through CompTIA Central.

### CertMaster Perform Features:

- **Instructional content:** Learn and develop skills efficiently and effectively. Courses are structured around the learning progression model, a research-based skill-development model that helps you grasp concepts and actively build skills aligned with the course objectives.
- **Integrated Videos and Interactives:** Receive instruction and illustrations precisely when they are most relevant, enhancing your learning experience.
- **Lab Activities:** Engage in hands-on practice using both simulated and live environments to tackle real-world scenarios, covering basic and advanced tasks.
- **Assessments and Practice Tests:** Check your knowledge with a variety of assessments and practice tests throughout the course.

*NASBA CPE details are provided on the following pages.*

# CompTIA: SecurityX On-Demand

Course ID #: 7000-1095-ZZ-Z

Hours: 35

## NASBA Information

**Level:**

**Advanced Preparation:**

**Attendance Requirement:** To be awarded the full credit hours, you must sign in and attend the entire course.

**Recommended Field(s) of Study:**

**Recommended CPEs:** 39.00

**Policies: Course Registration, Cancellation, Refund, and Complaint Resolution**

For more information regarding administrative policies such as complaint and program cancellation policies, please contact our offices at 800-639-3535 or visit us at: [www.tcworkshop.com](http://www.tcworkshop.com)

**Official National Registry Statement:**

The Computer Workshop is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credits. Complaints regarding registered sponsors may be submitted to the National Registry of CPE Sponsors through its website: [www.nasbaregistry.org](http://www.nasbaregistry.org)

NOTE: Since our information is in multiple places on our website or in PDF format that is sent to clients, we have provided our normal course content with the NASBA Information added along with links to our policy page on the web. We will add our name to the Official National Registry Statement after we are approved.
