

IBM Cognos Analytics: Dashboard Essentials

Course ID #: 7000-914-ZZ-Z

Hours: 7

Course Content

Course Description:

This Web-Based Training course teaches authors how to create dashboards in IBM Cognos Analytics so users can explore and interact with their data and gain insight into their business. You will learn how to add data sources, create and interact with dashboards, and customize content for presentation. You will also learn how to create effective narratives by using stories, and how to use explorations to perform a deeper analysis on your data.

Course Objectives:

Upon successful completion of this course, students will be able to:

- Create basic dashboards
- Create a story
- Create an exploration

Target Audience:

Authors
