

## Course Content

### Course Description:

This two-day, high-impact course adapts our standard Leading SAFe course to the government context, providing leaders with the knowledge and tools to drive Lean Agile transformation in the public sector. Learn to apply SAFe principles within regulatory frameworks, align teams with mission objectives, and deliver faster results while maintaining compliance.

By the end of this course, government leaders will be equipped to confidently guide their organizations through SAFe adoption, overcome public sector challenges, and achieve sustainable mission agility.

### Prerequisites:

None.

### Target Audience:

- Government Leaders & Executives
- Program & Project Managers
- Portfolio Managers & Strategy Leaders
- Government Contractors & Partners
- Transformation Agents & LACE Members
- Procurement Specialists

### Topics:

#### Lesson 1: Government Agile Leadership

- Understand how to lead Lean-Agile transformation within government's unique constraints and adapt SAFe principles to public sector environments

#### Lesson 2: Mission-Focused Planning

- Learn to conduct effective PI Planning events that align teams with agency objectives while maintaining regulatory compliance

#### Lesson 3: Measuring Government Value

- Implement metrics and feedback loops that demonstrate mission impact and proper stewardship of public resources

#### Lesson 4: Building Government ARTs

- Master the creation and execution of Agile Release Trains optimized for government's unique organizational structures and approval processes

# SAFe® for Government

Course ID #: 7000-1160-ZZ-Z
