# Illustrator CC 2021 Tools

Right-clicking a tool with a small triangle in the corner will instantly expand all the hidden tools beneath. You an also click and hold the mouse button until the hidden tool set expands. At the far right of the expanded set you will see a small right pointing triangle, this is theTearOff button. Clicking the TearOff button will allow that tool set to be a floating panel of those tools.

The illustration below shows all the hidden tools on each toolset.

When the tool set is expanded, you will see the key commands for the tool.

Pen Tool (P) ← Key Command

Add Anchor Point Tool (+)

Delete Anchor Point Tool (-) ← TearOff Button

Anchor Point Tool (Shift+C)
